

What makes police think Charles McCoy is the Ohio Turnpike shooter? Where is he and is he still a danger? This and more needs to be answered, which is why Goldblatt is outside the Columbus sheriff's department.

Gas prices are at all time highs in the US. There are reasons for the surge, some economic, some mere business tactics. Remember: US prices, while they seem high to us, are a half or less the cost of gasoline elsewhere.

ERIC Shawn will take us through the labyrinth of the UN oil for food program, which is beginning to shine light on the role of SecGen Kofi Annan's son. Can the UN reach a consensus on a scandal in its midst?

The president meets the PM of the Netherlands and talks about healthcare. \

Kerry, starting to feel the heat for his flip-flop voting record, is in West Virginia. There's a near-meaningless primary in Illinois.
